

The word **kayak** means „hunter’s boat”, because kayaks were originally invented by Eskimos for transportation, hunting and fishing, as early as 2,000 years ago. Today, kayaks are mainly used for recreational and sporting purposes. Kayaking is a great way to exercise and relax at the same time. It is an ideal way to spend the day with friends or family, exploring beautiful beaches and bays as well as the Pakleni Islands near Hvar. We offer modern sit-on-top double and single kayaks, with all the necessary equipment included in the price (life jackets, dry bags, snorkelling masks).

**Stand Up Paddle boarding (SUP)**, originated in Hawaii as an offshoot of surfing and has become very popular in recent years. As larger and more stable boards were built, SUP spread as a global phenomenon, gaining all kinds of followers who can paddle not only on the ocean waves but also on seas, lakes and rivers. For some, it’s a good workout for the core or just meditation in motion. For others, it can be a nice trip from the coast to the islands, a long cruise along the coast or just exploring of bays and beaches. We can help you discover this extraordinary sport!

### Kayak & SUP Hvar

- Discover and explore beautiful hidden bays and beaches away from the crowded areas
- Take the opportunity to visit the amazing Pakleni Islands, just 1 km away from our location
- Our sit-on-top kayaks and large SUP boards are easy to handle and also suitable for beginners
- We’ll guide you to the best spots around Hvar, including the Pakleni Islands, depending on weather conditions, individual preferences and duration of your activity
- Snorkel and experience diverse underwater flora and fauna
- Take advantage of our special rates for a full-day kayak or SUP rental (only 3 hours paid)
- Our aim is to provide you with a first-class service with max flexibility to meet your needs and special requests
- We also offer guided kayak and SUP tours, SUP school and SUP yoga lessons
